

WELCOME

If you are a guest at Mosaic Church, we want to extend a special welcome to you. We hope you fill out a communication card so we can keep in touch with you.

We have nursery available throughout the service and kids' classes will be dismissed in the middle of the service.

If there is anything we can do to make your worship experience more meaningful, please don't hesitate to ask.

Baptism

“While you don't have to be baptized to be saved, I wouldn't give you ten cents for the Christian who had the opportunity and refused.” - Hobart

Not the typical request here, but what types of things do you love, working with kids, doing multimedia, cooking, greeting others, working on cars, sewing, what? We realize, most churches say you have to fit into what they need, we say, we want to fit into what you love. What do you love? How can we use those talents, gifts, desires and so forth? Let Pastor Mike know so we can get you into the place you want.
