

WELCOME

If you are a guest at Mosaic we want to extend a special welcome to you. We hope you fill out a communication card so we can keep in touch with you.

We have nursery available throughout the service and kids' classes will be dismissed in the middle of the service.

If there is anything we can do to make your worship experience more meaningful, please don't hesitate to ask.

When Love Came To Town

Not the typical request here, but what types of things do you love, working with kids, doing multimedia, cooking, greeting others, working on cars, sewing, what? We realize, most churches say you have to fit into what they need, we say, we want to fit into what you love. What do you love? How can we use those talents, gifts, desires and so forth? Let Pastor Mike know so we can get you into the place you want.

One Such Item:

We need someone excited about meeting and greeting everyone coming into Mosaic. Would you be willing to greet and welcome people to church on Sunday Morning?
